*O'Sullivan Creel, LLP, Workforce Development Board of Okaloosa and Walton Counties and the Walton Area Chamber of Commerce present:*

## **Economic Recovery Summit**

*Regional Updates and Key Stimulus Package Provisions All Businesses Should Know*

---

On behalf of O'Sullivan Creel, LLP, Workforce Development Board of Okaloosa and Walton Counties, and the Walton County Chamber of Commerce, we would like to invite you to an Economic Recovery Summit on May 29, 2009 as we take the opportunity to educate business owners on significant human resource and tax provisions made during the most recent economic stimulus package. We'll also reveal tips and tools to help you better manage your business during these tough economic times, and share insight into the role the Workforce Development Board is playing locally with the new stimulus package. In addition, Senator Don Gaetz will give businesses an update from the recent legislative session and Rick Harper with the HAAS Center at the University of West Florida will give a regional economic update.

---

When President Obama signed the American Recovery and Reinvestment Act of 2009 on February 17<sup>th</sup>, significant and immediate changes were made that will directly affect your business and bottom line.

Are you aware of the changes to HR and employment laws and how it can impact your business? Do you know the tax breaks available for you and your business? Do you know the local resources available to help get people back to work?

Most changes are beyond what most businesses perceive, so we hope you are able to attend this presentation. We look forward to seeing you there.
